

Jabra BT530 USB

The Jabra BT530 USB Bluetooth headset comes with the Noise Blackout feature which eliminates background noise without compromising on natural voice quality. The BT530 can be connected up to eight devices and connected to two at the same time. This headset is rated to up to 5.5 hours talk time and up to 250 hours standby. The BT530 is Bluetooth 2.0 compliant and has an operating range of up to 100m.
